oneLED i3 - 3mm LED

KEY BENEFITS

- *Lightweight*
- *Low power consumption*
- *High contrast ratio*
- *Cost-effective*

oneLED i3 offers the highest resolution LED screen available on the market today.

The i3 extends the benefits of typical, black surface-mount for high-definition, high-resolution displays. Optimised to provide the highest contrast ratio for indoor video screens. It has matched red-green-blue far-field patterns, delivering a consistent viewing experience across a wide range of viewing positions and color vibrancy.
